

SECULAR DEPARTMENT.

College Items.

The work in the College is moving along nicely and as the term draws toward the close, the interest keeps increasing.

One new student during the past week. Mr. Oldfather from Farmersville, Ohio.

Those who participate in the school this winter, will appreciate the boon in years to come.

Prof. Perry's literary classes are doing excellent work.

The Pierian Society is gradually increasing.

The society regrets the loss of Mr. J. D. Findley, who was called away on account of his father's death.

Prof. J. H. Farmer, one of the students preached in the chapel on Sunday, 28th of Feb.

We would like to see a number of students come to the College ready to begin work the first day of next term, as some of the old ones will be obliged to leave at the end of this term.

Brethren send your children to the college. There is something so fraternal about that: your own.

We expect to have a very interesting school this spring and all the assistance you can give will be thankfully received.

The headquarters of the National Women's Christian Temperance Union are to be moved from New York to Chicago in May next.

The New Jersey Senate has passed a county Local Option bill by a vote of twelve to eight. The minority were all Democrats except two. All who voted in the affirmative were Republicans, save one.

A newspaper of Beloit, Kansas, says that in Clark county during a recent snow storm a large flock of sheep crowded close together, and the snow, melting for a while and then freezing, fastened the entire flock together.

The most valuable postage stamp known to collectors is said to be one issued by the Postmaster of Battleboro, Vt., in 1847, which was suppressed after a few weeks. A specimen is now worth six or eight hundred dollars.

A quarrel between two Georgia youngsters over the swapping of a marble for a piece of sugar was taken up by one of the participant's mothers and finally led to a lawsuit, which was settled in the Superior Court at Atlanta.

Three hundred girls employed in the ironing department of Miller, Hall & Hartwell's collar shop, in Troy, N. Y., struck because the proprietors refused to discontinue the use of objectionable machinery. The girls recently joined the Knights of Labor.

H. A. Keyser, who lectured recently before the Boston Scientific society, stated that a diamond worth \$800,000 is being cut in Amsterdam—the chief city of the world for such work—and that the gem is to be given to Queen Victoria on the fiftieth anniversary of her ascension to the throne.

A Phrenological Calendar for 1886.

The popularity of special Calendars has been fully established, and we have here something entirely new, in the form of a Phrenological Calendar. It consists of a Pictorial, Symbolical, Phrenological Head about 6 by 10 inches, beautifully lithographed in colors, on heavy card board, which is cut out in the shape of a head and face. A key to the Phrenological faculties and

a full Calendar for the year are conveniently attached to it. "We know whereof we speak" when we say, that in the recent flood of attractive novelties there has been nothing offered to the public equal, in actual value and proportional price, to this very unique Calendar. It is an educator. Each day the peculiarities of friends will be studied out, and the reasons why they are or are not "thus and so" will be discovered, a pleasant pastime for a whole year, is offered you for a very small sum. This is a reduction of the beautiful Phrenological Chart published by Fowler & Wells Co. last year, which is sold at \$1.00. For the purpose of introducing the subject, the Calendar, although about one-half the size of the original, is sold at the low price of 10 cents, an amount merely intended to cover the cost of publishing. This may be sent to the publishers in postage stamps.

Fowler & Wells Co., 753 Broadway, New York.

Sorts.

"What are the last teeth that come?" asked a teacher of her class in physiology. "False teeth, mum," replied a boy who had just waked up on the back seat.

The "constantly tired-out" feeling, so often experienced, is the result of impoverished blood, causing enfeebled vitality. Ayer's Sarsaparilla enriches the blood, increases the appetite, and promotes digestion. The system, thus invigorated, feels new strength and energy.

There is a little private poker club in Chicago whose members, according to the Mail of that city, meet at each other's homes and play a modest game, winding up with a jack pot, which is "liberally sweetened" until it is of good proportions. On a recent Saturday evening the final jack pot grew until it contained \$128, and before the betting it was decided that the winner should put it on the contribution plate at church next morning. It was won by a regular church-goer and rather liberal giver, who, fearing such a contribution would provoke comment, asked leave of the party to make it up in a package and hand it to the sexton.

This was agreed to on condition that it was to be labelled "From a j. pot." This was done. The sexton took it immediately to the pastor, who was so highly pleased that he announced from the pulpit that "a munificent friend of the church—a Mr. A. J. Pot—whom it was not his pleasure to know personally, he was sorry to say," had that morning sent in a most generous donation of \$128 to the church fund.

Ayer's Cathartic Pills are the best that can be employed to correct irregularities of the stomach and bowels. Gentle, yet thorough, in their action, they cure constipation, stimulate the appetite and digestive organs, and strengthen the system.

What's in a name? About the hottest country on the globe is Chili.

I was afflicted with neuralgia and for many weeks endured the agony. The Athliophoros was very quick in taking hold of the disease and driving it away. Geo. K. Brierley, foreman of the machine shops of J. W. Stoddard & Co., Dayton, O.

Families Going West

To settle permanently, or to visit, naturally seek the routes by which they can travel with the greatest comfort and with fewest changes of cars. The favorite Ft. Wayne Route, known as the Northwest System of the Pennsylvania Lines, west of Pittsburgh offers greater facilities in this respect than any other line, as it runs Baggage Cars, Coaches and sleeping Cars from Pittsburgh to Chicago without change, making connections through Union Depots with the trains of Roads leading to all points in the West, Northwest and Southwest. These are great advantages to families with ladies and children, and particularly to ladies traveling without escort. For rates of fare, rates on household goods, time tables, etc., write to the nearest Ticket Agent of the Pennsylvania Lines, or to E. A. Ford, General Passenger Agent, Pittsburgh, Pa. [1 Apr.]

ALDEN'S CYCLOPEDIA OF UNIVERSAL LITERATURE.—This work is the outcome of many years of planning and preparation. It will be an almost indispensable work of reference for every library, large or small, a trustworthy guide to what is most worth knowing of the literature of all ages and all nations. Occupying a dozen or more volumes, and yet issued at a price so low as to be within the reach of all, a familiarity with its contents will constitute a liberal education to a degree that can be claimed for few other works in existence. Dr. Lossing, the eminent historian and author, says of it: "I am strongly impressed with the great intrinsic value of the work as a popular educator in a high department of learning. The plan is admirable. Combining as it does a personal knowledge of an author with specimens of his or her best literary productions, gives it an inestimable power for good among the people." The work is being published in parts of 160 pages each, paper covers, at the price of 15 cents, also in very handsome cloth-bound volumes: gilt top, 480 pages, for 60 cents. The parts can be exchanged for bound volumes, at any time. Five parts are now ready, also the first bound volume; volume two will be issued in March. The publisher's 132-page illustrated catalogue of Standard books may be had for 4 cents, or condensed 16-page catalogue, free. JOHN B. ALDEN, Publisher, New York.

Have you heard of Dr. J. H. McLean's Wine Tar Lung Balm? It is really wonderful how rapidly it cures Coughing, Throat and Lung Diseases.

INDIGESTION

To strengthen the stomach, create an appetite, and remove the horrible depression and despondency which result from Indigestion, there is nothing so effective as Ayer's Pills. These Pills contain no calomel or other poisonous drug, act directly on the digestive and assimilative organs, and restore health and strength to the entire system. T. P. Bonner, Chester, Pa., writes: "I have used Ayer's Pills for the past 30 years, and am satisfied I should not have been alive to-day, if it had not been for them. They

Cured

me of Dyspepsia when all other remedies failed, and their occasional use has kept me in a healthy condition ever since." L. N. Smith, Ulen, N. Y., writes: "I have used Ayer's Pills for Liver troubles and Indigestion, a good many years, and have always found them prompt and efficient in their action." Richard Norris, Lynn, Mass., writes: "After much suffering, I have been cured of Dyspepsia and Liver troubles

By Using

Ayer's Pills. They have done me more good than any other medicine I have ever taken." John Burdett, Troy, Iowa, writes: "For nearly two years my life was rendered miserable by the horrors of Dyspepsia. Medical treatment afforded me only temporary relief, and I became reduced in flesh, and very much debilitated. A friend of mine, who had been similarly afflicted, advised me to try Ayer's Pills. I did so, and with the happiest results. My food soon ceased to distress me, my appetite returned, and I became as strong and well as ever."

For sale by all Druggists.

Our readers will find an important new advertisement of Dr. Peter Fahrney, on another page, which merits careful reading. It will appear only one time. It advertises a medicine which has been extensively used for a number of years, and which has given the proprietor a reputation. We invite special attention to the "peter" to which reference is made in the advertisement. It is a handsome engraving, substantially mounted, with a fine Century Plant in the middle and a column of reading matter on each side. The medicines of Dr. Fahrney are usually sold by agents, and not by the regular druggists. Dr. Fahrney has established a good reputation as a professional and business man and those who desire to give his medicines a trial need not hesitate to trust him. Carefully read the advertisement. Temperance Notes.

Among the recent victories of the Women's Christian Union is the passage of a most satisfactory law requiring temperance instruction in the public schools of Washington Territory. Miss Narcissa White, of the W. C. T. U. for the Pacific states, rendered valuable help in the effort.

A bill has been introduced into congress providing for scientific temperance instruction in the public schools of the District of Columbia. Mrs. M. E. Hunt will have direction of the efforts put forth in support of this measure, and it will be seen how far the members of congress will prove amenable to the same convincing and benevolent considerations which have already determined the action of fourteen state legislatures.

Local option in Georgia and the fourmile law in Tennessee recognize the same sound principle—home rule. Advancing on this line, the anti-whisky, anti-criminal, anti-pauper sentiment of the people fortifies itself after each conquest, and holds what it gets. There is no recoil in this gun. Keep up the firing.—Nashville Advocate.

Mr. M. P. SCHROCK, 673 W. Lake St., Chicago, was

from Rheumatism. His physicians feared amputation of the leg would be necessary. He tried ATHLOPHOROS, and in two days was cured.

A professor in a medical college once said to his class "put your hand in a vice, turn the screw until the pain is all you can bear, and that's rheumatism; turn the screw once more, and that's neuralgia; and gentlemen, the medical profession knows no sure cure either." That was before the discovery of ATHLOPHOROS, which does and will cure both rheumatism and neuralgia, and many physicians use it regularly—frankly admitting that they can prescribe nothing else so effective.

Many persons have tried so many so-called remedies, without benefit, that they have no faith to try more, but it is worth your while to try ATHLOPHOROS. If you have any doubts as to its value write for issues of parties in your own State who have been cured by its use.

Ask your druggist for Athliophoros. If you cannot get it of him we will send it express paid on receipt of regular price—\$1.00 per bottle. We prefer that you buy it from your druggist, but if he hasn't it do not be persuaded to try something else, but order at once from us as directed.
